

GMC Class Reunion September 2014

Report by Prabhakar Sharma MD

The GMC class that started in 1970 and graduated after internship in 1977 celebrated their first reunion in September 2014. About 70 classmates, some with spouses/family gathered for the celebration in Aalankrita Resort, Hyderabad on September 11-12th . Most of us have not seen each other for decades and some were meeting for the first time after leaving the college in 1977. The joy and excitement of reunion was unmeasurable and there was incredible bliss and tears of joy that was visible in all our faces. After the initial exchanges and paying homages to our departed classmates, the whole afternoon on 11th was spent on podium presentations of short life sketches of each of us after we left college. The evening was marked by a live entertainment program presented by a professional group.

The following day, after the breakfast, there were short presentations on GMCGA and more entertainment and karaoke by several of our talented classmates. The program concluded with presentation of mementos to all attendees and group photographs . A few of the photographs are included below that represent the celebrations and the spirit that prevailed during that momentous event in our lives.
