

POST DIAMOND JUBILEE GMCGA MEETINGS

Dallas Retreat

With the successful celebration of the Golden Jubilee in December 2004, completion and dedication of the Alumni Education Center (AEC) in January 2006, and Diamond Jubilee celebrations in September 2014, it was decided to have a retreat of the Executive Committee of the GMCGA to redefine the mission & vision of the GMCGA moving forward. The retreat was held in Dallas from December 5-7, 2014. The following is the brief summary of the retreat deliberations

Mission: To improve overall health & wellbeing of the people of greater Hyderabad by delivering excellent patient care at Gandhi Hospital

To promote educational & research opportunities for medical students, graduates and post graduates of the Gandhi Medical College through AEC and exchange programs in the United States and other countries

Vision: To make Gandhi Medical College and Gandhi Hospital as centers of excellent in medical education and patients care in India

Goals: The following goals were discussed in detail and adopted unanimously:

Shelter Home & Meal services for the patient families and attendants

Medical Resources & Pharmacy services

Rural Health Services to improve health & wellbeing of the rural communities

Seva Bharathi to clean the GMC & GH premises

Roshni Project to care for the terminally ill

Educational Activities at the AEC & abroad

Scholarships & Gold medal initiatives:

Endowments & Contributions

News Letter once or twice a year

Other initiatives:

Enrollment of the younger GMCaians in the GMCGA policy and delivery roles

Explore on how to interest local participation

The key mission of the GMCGA is to “Provided services to improve patient care, support to the patient family and education”
